

DURAM INDUSTRIES NZ LTD

Specialists in Waterproofing and Roofing Membrane Systems.

WET SHIELD

A clear multi surface acrylic waterproof sealer that penetrates porous materials such as concrete, brick, pavers, natural stone and terracotta tiles to form a tough durable 'Wet Look' finish. Wet Shield provides excellent resistance against water and salt water penetration.

- Effective water & salt water barrier.
- Dries rapidly to an abrasion resistant finish.
- Enhances colour of substrate.
- Retains long term 'Wet Look' feature.
- UV stable - will not yellow with age.
- Inhibits moss, mould and fungal growth.
- Lasts in excess of 5 years in exterior situations.
- Can be re coated.
- Resistant to oils, alkalis and detergents.
- Fast drying (less than 1 hour at 25 degrees C.)

USES

- For waterproofing and sealing
- * Brick
- * Concrete Block
- * Concrete paths & drives
- * Garage floors
- * Terracotta tiles
- * Pavers
- * Natural stone
- * Concrete roof tiles
- * Fibre cement products
